Notes:

1 Permanent Resident and Citizenship processing time should read as 80% of cases finalized in the last 12 months were completed within X months or less.

2 Family Class processing times and age of inventory based on applications lock-in date. Due to data constraint, FCH applications are excluded from the processing time calculation of the Family Class category.

3 The Processing Time for the Live-in Caregivers (End to End processing time) is calculated from the application received from the principal applicant to the latest finalized date from all related applications (i.e. including overseas dependent)

4 Other includes Permit Holders, Missing/Invalid, and Others.
