## Notes:

- Data for 2015-2016 are preliminary estimates and are subject to change. For 2006-2014, these are updated numbers and may differ from those of Facts and Figures 2014.
- Due to privacy considerations, the figures in this table have been subjected to rounding. Under this method, all figures in the table are rounded either up or down to multiples of \*5\* and all values between 0 and 5 are shown as "--". As a result of this rounding, data may not add up to the totals indicated.
- The table on Temporary Residents (TR) has been revised to reflect the June 20, 2014 overhaul of the Temporary Foreign Worker Program (TFWP). The reporting methodology has also been revised to count TRs, which includes Foreign Workers and International Students, based on the type of permit held by a TR (effective from the date that the permit was signed, or a valid permit at the end of a given year). As a result of the changes above, the reports for each permit holder type has been separated in order to enhance clarity.
