

THE PLUNDERING OF CANADA

UBC Professor David Ley has clearly shown that the cause of unaffordable housing in Metro Vancouver is **RELENTLESS IMMIGRATION DEMAND FOR HOUSING**. It is not lack of **HOUSING SUPPLY**—as corrupt politicians and the real estate industry claim. The obvious cure for this housing crisis is a large reduction in immigration.

Yet Ottawa's latest "Unaffordable Housing" measures do not even mention Professor Ley's significant finding. How can a problem be solved without addressing its cause?

Since the beginning of unnecessary, high immigration intake in 1990, Canada has received about 7 million immigrants. Among those in Vancouver were 200,000 Business Immigrants who did not meet their obligations to create businesses. Subsequently, they, and their dependants, have been virtual parasites: living in mansions, using our infrastructure and evading income taxes.

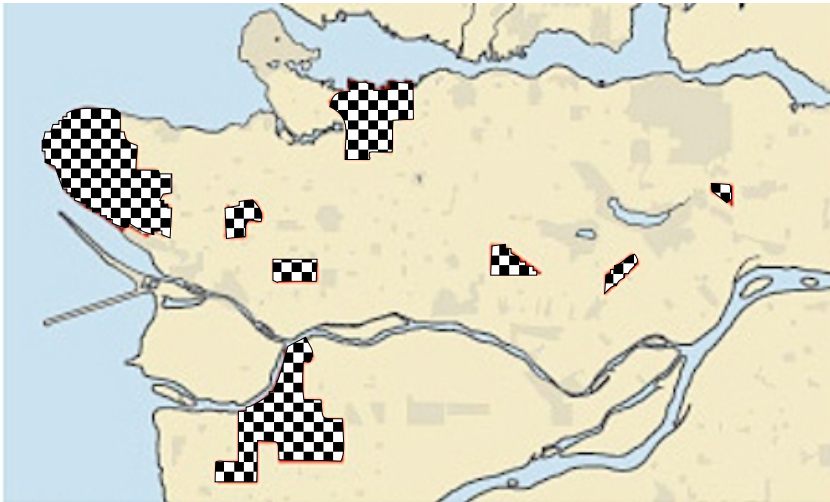

In addition to ignoring this tax-evasion, Ottawa has never provided one sensible reason for accepting 7 million immigrants!!! Diversity is not a sensible reason!!

Hundreds of thousands of Metro Vancouver renters and home buyers have suffered greatly from Canada's foolish immigration intake. The outrage does not end there. Two of our veteran economists calculate that immigration is costing Canadians up to \$35 Billion per year !!

It's time to end the Unaffordable Housing insanity.

Give this flyer to every politician you know!

Metro Vancouver core: Areas with extreme 'low income' (2011)

The checkered areas in the map to the left indicate where extremely low income is reported. Those areas include Vancouver's downtown east side, which is the poorest area in Canada.

Scandalously, they also include some of the wealthiest areas such as Vancouver's west side, and Richmond's north-west sector where Business Immigrants live.

Source: Adapted from map created by University of B.C. geographer Dan Hiebert

Here is what should be happening:

- (1) HUGE FINES + INTEREST FOR ALL TAX EVADERS**
- (2) PRISON TIME, DEPORTATION, AND REVOCATION OF CITIZENSHIP FOR BUSINESS IMMIGRANT TAX EVADERS AND ALL WHO HAVE COMMITTED IMMIGRATION FRAUD**
- (3) A NUREMBERG-STYLE TRIBUNAL OF POLITICIANS WHO HAVEN'T ENFORCED FOREIGN ASSET DISCLOSURE LAWS, OR WHO ENCOURAGED UNNECESSARY IMMIGRATION**
