

# TRUDEAU AND MOST CANADIAN POLITICIANS HAVE BETRAYED CANADA AND DESERVE THE FULL PENALTY FOR TREASON!

## Did you know Justin Trudeau:

1. Hates the idea of a Canada founded by French and English settlers.
2. Thinks Canadians of European origin are an unpleasant relic.
3. Wants to use a 300,000 to 400,000 annual immigrant intake and an “Open border for refugees” to drown and replace Canada’s majority European-settler population.
4. Believes in violating a long-established and obvious immigration principle which placed the WELL-BEING OF CANADIANS FIRST.

## LET'S TELL HIM MORE OF THE OBVIOUS:

- **Canada cannot be a job-and-house-finding agency for the world's unemployed and poor. Who will look after Canada's own jobless, poor and homeless if the Canadian government reneges on its sacred responsibility?**
- **Canada should never allow immigration policy to be used as a weapon by Canada's visible minorities to displace existing Canadians, and consequently demand that Canada adapt to them. They should be adapting to Canada!**
- **Canada's immigration intake and other immigration policies are taking us down the road to national suicide. No sane country commits national suicide and becomes a post-national state.**
- **Any politician advocating these things should be charged with treason. PERIOD!!**

## WE NEED A NATIONAL REFERENDUM ON CANADA'S IMMIGRATION INTAKE !!
